PROFFESIONAL SUMMARY

Motivated Computer Science and Engineering student pursuing a B.Tech degree, with knowledge of Java, HTML, CSS, JavaScript, and Python. Interested in Web Development and software development, with hands-on experience in academic projects and hackathons. Eager to apply technical skills, gain practical industry experience, and contribute to real-world projects while continuously learning new technologies.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science and Engineering

Geethanjali College of Engineering and Technology

Expected Graduation: 2028

Diploma in Computer Engineering

Abdul Kalam Institute of Technology and Science

2022 – 2025 | CGPA: 8.17

Secondary School Certificate (SSC)

TSRS Nekkonda

2022 | GPA: 9.2

TECHNICAL SKILLS

Programming Languages:

Java, Python, C, C++, SQL, HTML, CSS, JavaScript

Tools & Technologies:

VS Code, Eclipse, MySQL, Oracle

Software:

MS Word, MS Excel

Operating Systems:

Windows

PROJECTS

Project Name: NotifySmart – Notification Blindness Solution

Technologies/Concepts Used: Design Thinking, User Research, Problem Analysis, UI/UX Concepts

Description:

Developed a solution called "NotifySmart" to address notification blindness, a common problem where users ignore important alerts due to excessive notifications. The system categorizes notifications into Critical, Important, and Routine levels, provides daily summaries, and includes a Focus Mode to reduce distractions while ensuring important information is not missed.

Roles and Responsibilities:

- Participated in user research and problem identification.
- Contributed to designing the notification prioritization system.
- Created user personas, empathy maps, mind maps, and storyboards.
- Worked collaboratively with team members to develop and present the solution.

ACHIEVEMENTS & CERTIFICATIONS

- **1st Prize** – Solving Codes with Clues in Geethanjali College of engineering
- **Hackathon Participation – CONACO TECHNOLOGIES** (24Hours Ai Hackathon-Hackverse1.0)

STRENGTHS

Problem-Solving Skills Able to analyze complex issues and develop effective, secure solutions.

Quick Learner Adaptable to new technologies and concepts, with a strong drive for continuous learning.

Team Collaboration Experienced in working within groups, contributing ideas, and supporting collective goals.

Technical Proficiency Good foundation in Java and web technologies.
